KNOW ALL MEN BY THESE PRESENTS:

COUNTY OF FORT BEND

That PECAN GROVE ASSOCIATES (hereinafter called "Developer") being the owner of that certain tract of land which has heretofore been platted into that certain subdivision known as "PECAN GROVE PLANTATION, Section One" according to the plat of said subdivision recorded in the office of the County Clerk of Fort Bend County, Texas, on the 3rd day of March, 1978, after having been approved as provided by law, and being recorded in Volume 21, Page 31, of the Map Records of Fort Bend County, Texas, and desiring to create and carry out a uniform plan and scheme for the improvement, development and sale of property in said PECAN GROVE PLANTATION, Section One (hereinafter referred to as "The Subdivision"), does hereby adopt, establish, promulgate and impress the following Reservations, Restrictions and Covenants, which shall be and are hereby made applicable to the Subdivision, except the areas marked "Reserve 'A' and 'B'" on the recorded plat, which areas are not restricted or affected in any manner whatsoever by this instrument.

I.

GENERAL PROVISIONS

- 1.01. Each Contract, Deed, or Deed of Trust which may be hereinafter executed with respect to any property in the Subdivision shall be deemed and held to have been executed, delivered and accepted subject to all of the provisions of this instrument, including, without limitation, the Reservations, Restrictions and Covenants herein set forth, regardless of whether or not any of such provisions are set forth in said Contract, Deed, or Deed of Trust, and whether or not referred to in any such instrument.
- 1.02. The utility easements and building set back lines shown on the plat referred to above are dedicated subject to the reservations hereinafter set forth.
- 1.03. (a) The utility easements shown on the recorded plat are dedicated with the reservation that such utility easements are for the use and benefit of any public utility operating in Fort Bend County, Texas, as well as for the benefit of the Developer and the property owners in the Subdivision to allow for the construction, repair, maintenance and operation of a system or systems of electric light and power, telephone lines, gas, water, sanitary sewers, storm sewers, and any other utility or service which the Developer may find necessary or proper.
 - (b) The title conveyed to any property in the Subdivision shall not be held or construed to include the title to the water, gas, electricity, telephone, storm sewer or sanitary sewer lines, poles, pipes, conduits or other appurtenances or facilities constructed by the Developer or public utility companies upon, under, along, across or through such public utility easements; and the right (but not obligation) to construct, maintain, repair and operate such systems, utilities, appurtenances and facilities is reserved to the Developer, its successors and assigns.
 - (c) The right to sell or lease such lines, utilities, appurtenances or other facilities to any municipality, governmental agency, public service corporation or other party is hereby expressly reserved to the Developer.
 - (d) The Developer reserves the right to make minor changes in and minor additions to such utility easements for the purpose of more efficiently serving the Subdivision or any property therein.
 - (e) Neither the Developer, nor its successors or assigns, using said utility easements shall be liable for any damage done by any of such parties or any of their agents or employees to shrubbery, trees, flowers or other property of the land owner situated on the land covered by said utility easements.
 - (f) The Developer reserves the right at any time, and from time to time, hereafter to promulgate and impose restrictions (as well as to vary and amend such restrictions) as to all or any portion of the unrestricted areas of the Subdivision identified as "Reserve 'A' and 'B'" on the aforesaid plat. Any such action by the Developer shall not, in order to be fully binding, require the joinder of any other person, whether such person be an owner of property in the Subdivision, a lien-holder, a mortgagee, a Deed of Trust beneficiary or any other person.

DURATION

1.04. The provisions hereof, including the Reservations, Restrictions and Covenants herein set forth, shall run with the land and shall be binding upon the Developer, its successors and assigns, and all persons or parties claiming under it or them for a period of thirty-five (35) years from the date hereof, at which time all of such provisions shall be automatically extended for successive periods of ten (10) years each, unless prior to the expiration of the initial period of thirty-five (35) years or a successive period of ten (10) years, the then owners of a majority of lots in the Subdivision shall have executed and recorded an instrument changing the provisions hereof, in whole or in part, the provisions of said instrument to become operative at the expiration of the particular period in which such instrument is executed and recorded, whether such particular period be the aforesaid thirty-five (35) year period or any successive ten (10) year period thereafter.

ENFORCEMENT

1.05. In the event of any violation or attempted violation of any of the provisions hereof, including any of the Reservations, Restrictions or Covenants herein contained, enforcement shall be authorized by any proceedings at law or in equity against any person or persons violating or attempting to violate any of such provisions, including proceedings to restrain or prevent such violation or attempted violation by injunction, whether prohibitive in nature or mandatory in commanding such compliance with such provisions; and it shall not be a prerequisite to the granting of any such injunction to show inadequacy of legal remedy or irreparable harm. Likewise, any person entitled to enforce the provisions hereof may recover such damages as such person has sustained by reason of the violation of such provisions. It shall be lawful for the Developer or for any person or persons owning property in the Subdivision (or in any other Section of PECAN GROVE PLANTATION) to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any of such provisions.

PARTIAL INVALIDITY

1.06. In the event that any portion of the provisions hereof shall become or be held invalid, whether by reason of abandonment, waiver, estoppel, judicial decision or otherwise, such partial invalidity shall not affect, alter or impair any other provision hereof which was not thereby held invalid; and such other provisions, including Restrictions, Reservations and Covenants shall remain in full force and effect, binding in accordance with their terms.

EFFECT OF VIOLATIONS ON MORTGAGEES

1.07. No violation of the provisions herein contained, or any portion thereof, shall affect the lien of any Mortgage or Deed of Trust presently or hereafter placed of record or otherwise affect the rights of the Mortgagee under any such Mortgage, holder of any such lien or beneficiary of any such Deed of Trust; and any such Mortgage, lien, or Deed of Trust may, nevertheless, be enforced in accordance with its terms, subject, nevertheless, to the provisions herein contained, including said Reservations, Restrictions, and Covenants.

II.

ARCHITECTURAL CONTROL

BASIC RULE

2.01. (a) No building or other improvements of any character shall be erected or placed, or the erection or placing thereof commenced, or changes made in the design thereof or any addition made thereto or exterior alteration made thereto after original construction, on any property in the Subdivision until the obtaining of the necessary approval (as hereinafter provided) of the construction plans and specifications or other improvements. Approval shall be granted or withheld based on matters of compliance with the provisions of this instrument, quality of materials, harmony of external design with existing and proposed structures and location with respect to topography and finished grade elevation.

exclusive judgement of the Developer), then the Developer may validly perform such function.

(c) The members of the Committee shall be entitled to such compensation for services rendered and for reasonable expenses incurred as may, from time to time, be authorized or approved by the Developer. All such sums payable as compensation and/or reimbursement shall be payable only out of the "Maintenance Fund", hereinafter referred to.

EFFECT OF INACTION

2.03. Approval or disapproval as to architectural control matters as set forth in the preceding provisions shall be in writing. In the event that the authority exercising the prerogative of approval or disapproval (whether the Developer or the Committee) fails to approve or disapprove in writing any plans and specifications and plats received by it in compliance with the preceding provisions within thirty (30) days following such submission, such plans and specifications and plat shall be deemed approved and the construction of any such building and other improvements may be commenced and proceeded with in compliance with all such plans and specifications and plat and all of the other terms and provisions hereof.

EFFECT OF APPROVAL

2.04. The granting of the aforesaid approval (whether in writing or by lapse of time) shall constitute only an expression of opinion, whether by the Developer or the Committee, that the terms and provisions hereof shall be complied with if the building and/or other improvements are erected in accordance with said plans and specifications and plat; and such approval shall not constitute any nature of waiver or estoppel either as to the persons expressing such approval or any other person in the event that such building and/or improvements are not constructed in accordance with such plans and specifications and plat or in the event that such building and/or improvements are constructed in accordance with such plans and specifications and plat, but, nevertheless, fail to comply with the provisions hereof. Further, no person exercising any prerogative of approval or disapproval shall incur any liability by reason of the good faith exercise thereof. Exercise of any such prerogative by one (1) or more members of the Committee in their capacity as such shall not constitute action by the Developer after the election of such Committee members, notwithstanding that any such Committee member may be an officer, owner, or director.

III.

RESERVES

3.01. There are shown on the aforesaid recorded plat of PECAN GROVE PLANTATION, Section One, certain tracts which are designated Unrestricted Reserves A and B, which shall hereinafter be referred to as "Reserves". The Developer reserves title to all such "Reserves". No conveyance of any lot in the Subdivision shall be held or construed to include title to or any right or interest in the Reserves.

3.02. Developer reserves all rights to said reserves including the right to subdivide and/or restrict such reserves and to utilize such tracts generally for doing any other thing necessary or desirable in the opinion of the Developer, directly or indirectly, to maintain or improve the Subdivision. The decision of the Developer with respect to the uses which may be made or permitted from time to time of the Reserves shall be final, so long as made in good faith.

3.03. These provisions as to the Reserves shall continue in effect unless changed in the manner and at the time or times hereinabove provided for effecting changes in the restrictive covenants set forth.

IV.

SPECIAL UTILITY EASEMENT

4.01. A five (5) foot utility easement has been dedicated along all side lot lines and a ten (10) foot utility easement across the front of all lots.

(b) Each application made to the architectural control authority (whether Developer or Architectural Control Committee) shall be accompanied by two sets of plans and specifications for all proposed construction to be done on such lot including plot plans showing the location on the lot and dimensions of all proposed walks, driveways, curb cuts and all other matters relevant to architectural approval.

ARCHITECTURAL CONTROL AUTHORITY

2.02. (2) The authority to grant or withhold architectural control approval as referred to above is vested in the Developer; except, however, that such authority of the Developer shall cease and terminate upon the election of the PECAN GROVE PLANTATION Architectural Control Committee, in which event such authority shall be vested in and exercised by the PECAN GROVE PLANTATION Architectural Control Committee (as provided in (b) below), hereinafter referred to, except as to plans and specifications and plats theretofore submitted to the Developer which shall continue to exercise such authority over all such plans, specifications and plats.

(b) At such time as all of the lots in the Subdivision and in all other Sections of PECAN GROVE PLANTATION (as platted, from time to time, hereafter) shall have been sold by the Developer, then the Developer shall cause a Statement of such circumstances to be placed of record in the Deed Records of Fort Bend County, Texas. Thereupon, the lot owners in PECAN GROVE PLANTATION may by vote, as hereinafter provided, elect a committee of three (3) members to be known as the PECAN GROVE PLANTATION Architectural Control Committee (hereinafter referred to as the "Committee"). Each member of the Committee must be an owner of property in some Section of PECAN GROVE PLANTATION. Each lot owner shall be entitled to one (1) vote for each whole lot or building site owned by that owner. In the case of any building site composed of more than one (1) whole lot, such building site owner shall be entitled to one (1) vote for each whole lot contained within such building site.

The Developer shall be obligated to arrange for the holding of such election within sixty (60) days following the filing of the aforesaid Statement by the Developer in the Deed Records of Fort Bend County, Texas, and to give notice of the time and place of such election (which shall be in Fort Bend County, Texas) not less than five (5) days prior to the holding thereof. Nothing herein shall be interpreted to require that the Developer actually file any such Statement so long as it has not subdivided and sold the entirety of the property, nor to affect the time at which the Developer might take such action if, in fact, the Developer does take such action.

Votes of the owners shall be evidenced by written ballot furnished by the Developer (or the Committee, after the initial election) and the Developer (or the Committee, after the initial election) shall maintain said ballots as a permanent record of such election for a period of not less than four (4) years after such election. Any owner may appoint a proxy to cast his ballot in such election, provided that his written appointment of such proxy is attached to the ballot as a part thereof.

The results of each such election shall promptly be determined on the basis of the majority of those owners then voting in such election.

The results of any such election and of any removal or replacement of any member of the Committee may be evidenced by the recording of an appropriate instrument properly signed and acknowledged in behalf of the Developer or by a majority of the then property owners voting in such election.

After the first such election shall have been held, thereafter the Committee shall be obligated to arrange for elections (in the manner and after notice as set forth above) for the removal and/or replacement of Committee members when so requested in writing by thirty (30) or more lot owners in the Subdivision. Members of the Committee may, at any time, be relieved of their position and substitute members therefor designated by vote as set forth above.

Upon the death, resignation, refusal or inability of any member of the Committee to serve, the remaining members of the Committee shall fill the vacancy by appointment, pending an election as hereinabove provided for.

If the Committee should fail or refuse to take any action herein provided to be taken by the Committee with respect to setting elections, conducting elections, counting votes, determining results and evidencing such results, or naming successor Committee members, and such failure or refusal continues for a period which is unreasonably long (in the

V.

DESIGNATION OF TYPES OF LOTS

5.02. All lots in the Subdivision having a common boundary with any portion of the golf course as shown on the recorded plat or other sections of PECAN GROVE PLANTATION as platted are hereby designated as "Golf Course lots". Block 10, Lots 1 through 20, and Block 13, Lots 1, 3 through 26, 29, 30, 39 through 41 are hereby designated as "Golf Course lots".

5.03. All lots in the Subdivison not being Golf Course Lots are hereby designated as "Town and Country lots".

VI.

GENERAL RESTRICTIONS

6.01. No building shall be erected, altered or permitted to remain on any lot other than one (1) detached single-family residential dwelling not to exceed two (2) stories in height and a private garage (or other covered parking facility) for not more than three (3) automobiles and other bona fide servants quarters; provided however, that the servant's quarters structure shall not exceed the main dwelling in area, height or number of stories. Minimum finished slab elevation for all structures shall be 83.5 feet of mean sea level, or such level as may be established by Commissioner's Court or other governmental authorities. In no case will a slab be lower than 18 inches above natural ground. For purposes of this instrument, the word "lot" shall not be deemed to include any portion of the following areas shown on the recorded plat; the golf course; any Reserve or Unrestricted Reserve; and any unrestricted area shown on the plat.

6.02. The living area of the main residential structure (exclusive of porches, whether open or screened, garage or other car parking facility, terraces, driveways and servant's quarters) shall be not less than the following respective amounts for each of the designated particular types of lots:

Golf Course lots: 2,000 sq. ft. for a one-story dwelling; 2,200 sq. ft. for a two-story dwelling, with 1,200 sq. ft. thereof on the first floor.

Town and Country lots: 1,750 sq. ft. for a one-story dwelling; 2,000 sq. ft. for a two-story dwelling, with 1,200 sq. ft. thereof on the first floor. The following described lots are excepted from these square foot requirements: Lots 69 through 116, Block 11, which shall be 1,200 sq. ft. for a one-story dwelling; 1,800 sq. ft. for a two-story dwelling, with 1,000 sq. ft. thereof on the first floor.

6.03. No building shall be located on any lot nearer to the front line or nearer to any street side-line than the minimum building set-back lines shown on the aforesaid plat nor upon or within any portion of any easement. Subject to the provisions of Paragraph 6.04., no building shall be located nearer than five (5) feet to an interior side lot line. For the purpose of this covenant, eaves, steps and unroofed terraces shall not be considered as part of a building; provided, however, that this shall not be construed to permit any portion of the construction on a lot to encroach upon another lot. For the purposes of this Paragraph and other provisions of these Restrictions, the "front line" is the common boundary of any Lot with a street, and in the case of a corner lot (with a common boundary on two streets or one street and a cul-de-sac) the boundary from which the building set back distance is larger.

All houses built in this Subdivision shall face the front line of the lot on which each house is built unless a deviation from this provision is provided by a specific provision of these Reservations, Restrictions and Covenants, or unless a deviation is approved by the Architectural Control Authority (whether Developer or Architectural Control Committee).

6.04. Any owner of one or more adjoining lots (or portions thereof) may consolidate such lots or portions into one building site, with the privilege of placing or constructing improvements on such resulting site, in which case side set-back lines shall be measured from resulting side property lines rather than from the lot lines as indicated on the recorded plat. Any such composite building site must have a frontage at the building set-back line of not less than the minimum frontage of lots in the same block. Any such composite building site (or building site resulting from the remainder of one or more lots having been consolidated into a composite building site) must be of not less than nine thousand (9,000) square feet in area (and this shall supercede any contrary provision in the Subdivision plat). Any modification of a building site (changing such building site from either a single lot building site or from a multiple whole lot building site), whether as to size of configuration, may be made only with the prior written approval of the Developer until the Committee is selected and thereafter, only with the prior written approval of the Committee. In addition, an abandonment of easement of the side lot line utility easement must be obtained in writing from the Commissioner's Court of Fort Bend County, Texas, and from all utility services. Upon any such required approval having been obtained, such composite building site shall thereupon be regarded as a "lot" for all purposes hereunder, except, however, that for purposes of voting for the Committee (as provided under Paragraph 2.02 (b) above) an owner shall be entitled to one (1) vote for each whole lot within such owner's building site.

6.05. All lots in the Subdivision shall be used only for single-family residential purposes. No noxious or offensive activity of any sort shall be permitted, nor shall anything be done on any lot which may be or become an annoyance or nuisance to the neighborhood. No lot in the Subdivision shall be used for any commercial, business or professional purpose nor for church purposes. The renting or leasing of any improvements thereon or portion thereof, without the prior written consent of Developer, is prohibited. No tent, house trailer, camper trailer, camper vehicle or motor vehicle (or portion thereof) shall be lived in on any lot.

6.06. At the time of initial construction of improvements on any lot in the Subdivision, the owner of each lot shall expend not less than \$500.00 for planting of grass and shrubbery and other landscaping work; and such grass, shrubbery, and landscaping shall be maintained in an attractive condition at all times.

6.07. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence, except, however, that a garage may contain living quarters for bona fide servants and except also that a field office, as hereinafter provided, may be established.

Until the Developer has sold all other lots in PECAN GROVE PLANTATION (and during the progress of construction of residence in the Subdivision), a temporary field office for sales and related purposes may be located and maintained by the Developer (and/or other parties authorized by Developer). The location of such field office may be changed, from time to time, as lots are sold. The Developer's right to maintain or allow others to maintain such field office (or permit such field office to be maintained) shall cease when all lots in PECAN GROVE PLANTATION except the lot upon which such field office is located, have been sold. No building may be used as a field office without the prior consent of the architectural control authority (whether the Developer or Architectural Control Committee).

6.08. No animals, livestock or poultry of any kind shall be raised, bred, or kept on any lot, except that dogs, cats or other common household pets may be kept as household pets provided they are not kept, bred or maintained for commercial purposes and provided they do not constitute a nuisance and do not, in the sole judgement of the Developer, constitute a danger or potential or cause actual disruption of other lot owners, their families or guests. All pets shall be confined to their owners premise or be on a leash and accompanied by their owner and/or other responsible person.

6.09. Where a wall, fence, planter or hedge is not specifically prohibited under the Special Restrictions set forth in VII below, the following (as to any permitted wall, fence, planter or hedge) shall apply; No wall, fence, planter or hedge in excess of

two (2) feet high shall be erected or maintained nearer to the front lot line than the front building set back line, nor on corner lots nearer to the side lot line than the building set back line parallel to the side street. No rear fence, wall or hedge and no side fence, wall or hedge located between the side building line and the interior lot line (or located on the interior lot line) shall be more than six (6) feet high.

No object or thing which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways within the triangular area formed by intersecting street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines (or extensions thereof) shall be placed, planted or permitted to remain on corner lots.

6.10. The drying of clothes in public view is prohibited, and the owners or occupants of any lots at the intersection of streets or adjacent to parks, playgrounds or other facilities where the rear yard or portion of the lot is visible to the public, shall construct and maintain a drying yard or other suitable enclosure to screen drying clothes from public view.

6.11. All lots shall be kept at all times in a sanitary, healthful and attractive condition, and the owner or occupant of all lots shall keep all weeds and grass thereon cut and shall in no event use any lot for storage of material or equipment except for normal residential requirements or incident to construction of improvements thereon as herein permitted, or permit the accumulation of garbage, trash or rubbish of any kind thereon, and shall not burn any garbage, trash or rubbish. All clothes lines, yard equipment or storage piles shall be kept screened by a service yard, drying yard or other similar facility as herein otherwise provided, so as to conceal them from view of neighboring lots, streets, or other property. Boats, trailers and other parked vehicles are to be stored in a location no closer to the front of the lot than the front building set-back line, or in the case of a corner lot the side building line facing the street.

In the event of default on the part of the owner or occupant of any lot in observing the above requirements or any of them, such default continuing after ten (10) days written notice thereof, the Developer (until the Committee is selected, and thereafter, the Committee) may, without liability to the owner or occupant in trespass or otherwise, enter upon (or authorize one of more others to enter upon) said lot, and cause to be cut, such weeds and grass, and remove or cause to be removed such garbage, trash and rubbish or do any other thing necessary to secure compliance with these restrictions, so as to place said lot in a neat, attractive, healthful and sanitary condition, and may charge the owner or occupant of such lot for the reasonable cost of such work and associated materials. Payment thereof shall be collected by adding the charges to the maintenance fee (secured by Vendor's Lien, as described in Paragraph 8.06.) and shall be payable on the first day of the next calendar month with the regular monthly maintenance fee payment.

6.12. No sign, advertisement, billboard or other advertising structure of any kind may be erected or maintained on any lot in the Subdivision without the prior approval of the Developer; and any such approval which is granted by the Developer may be withdrawn at any time by the Developer, in which event, the party granted such permission shall immediately remove such structures.

The Developer until the Committee is selected, and thereafter, the Committee, shall have the right to or to authorize an agent in its stead to do so, to remove and dispose of any such prohibited sign, advertisement, billboard or advertising structure which is placed on any lot, and in doing so shall not be subject to any liability for trespass or other tort in connection therewith or arising from such removal nor in any way be liable for any accounting or other claim by reason of the disposition thereof.

6.13. The digging of dirt or the removal of any dirt from any lot is expressly prohibited except as maybe necessary in conjunction with the landscaping of or construction on such lot. No trees shall be cut or removed except to provide room for construction of improvements or to remove dead or unsightly trees.

6.14. No outside aerial, pole or other device shall project above the highest ridge of the house by more than five (5) feet.

6.15. No lot or other portion of PECAN GROVE PLANTATION shall be used or permitted for hunting or for the discharge of any pistol, rifle, shotgun, or any other firearm, or any bow and arrow or any other device capable of killing or injuring.

6.16. Driveways shall be entirely of concrete (except, however, some other material may be used with the prior permission of the Developer or of the Committee after it is chosen) and shall be constructed with a minimum width of nine (9) feet with expansion joints not more than twenty (20) feet apart, with one joint at the back of the street curb. The width of each driveway may flair to a minimum of sixteen (16) feet and the curb shall be broken in such a manner that the driveway may be at least four (4) inches thick at its end toward the street paving, and this extreme shall be poured against a horizontal form board to reduce the unsightly appearance of a raveling driveway.

6.17. No outside toilets will be permitted, and no installation of any type of device for disposal of sewage shall be allowed which would result in raw or untreated or unsanitary sewage being carried into any body of water. No septic tank or other means of sewage disposal will be permitted.

6.18. No oil drilling, oil development operations, oil refining, or mining operations of any kind shall be permitted upon any lot, nor shall any wells, tanks, tunnels, mineral excavations or shafts be permitted upon any lot. No derrick or other structure designed for use in boring for oil, or natural gas, shall be erected, maintained or permitted on any building site. At no time shall the drilling, usage or operation of any water well be permitted on any lot. This provision shall not in any manner be deemed to apply to the Reserves or to any land owned by the Developer whether adjacent hereto or not.

6.19. Only licensed vehicles with licensed operators will be permitted on the public streets.

VII.

SPECIAL RESTRICTIONS

7.01. In addition to the General Restrictions set forth in VI above, the following restrictions shall apply to Golf Course Lots:

(a) Only underground electric service shall be available for said lots and no above surface electric service wires will be installed outside of any structure. Underground electric service lines shall extend through and under said lots in order to serve any structure thereon, and the area above said underground lines and extending 2 ½ feet to each side of said underground line shall be subject to excavation, refilling and ingress and egress for the installation, inspection, repair, replacing and removing of said underground facilities by such utility company; and owners of said lots shall ascertain the location of said lines and keep the area over the route of said lines free of excavation and clear of structures, trees or other obstructions.

(b) No wall, fence, planter, hedge (or other improvement or object serving a like or similar purpose) shall be constructed or permitted without the prior written consent of the Developer. In no event shall the Developer approve any of the aforesaid along or near any lot line.

(c) Any garage must be attached to the main residence. This requirement for an attached garage supercedes any contrary requirement in VI above.

(d) All houses built on Golf Course Lots which have a common boundary with the Golf Course and two streets shall face the common boundary of the Lot and the street from which the building set back distance is larger, unless a deviation from this provision is approved by the Architectural Control authority (whether developer or Architectural Control Committee). The provisions of this subsection shall control the provisions of 6.03 (b) above.

(e) No part of any house or garage built on a Golf Course Lot shall be permitted or constructed nearer to the common boundary of the Lot and the Golf Course than twenty-five (25) feet.

VIII.

MAINTENANCE FUND

8.01. Each lot (or residential building site) in the Subdivision shall be and is hereby made subject to an annual Maintenance Charge, except as otherwise hereinafter provided.

8.02. The Maintenance Charge referred to shall be used to create a fund to be known as the "Maintenance Fund", which shall be used as herein provided and such charge shall also include amounts relating to certain recreational facilities in PECAN GROVE PLANTATION; and each such Maintenance Charge shall (except as otherwise hereinafter provided) be paid by the owner of each lot (or residential building site) to the Developer, monthly, in advance, on or before the first day of each calendar month, beginning with the first day of the second full calendar month after the date of purchase of the lot or residential building site.

8.03. The exact amount of each maintenance charge will be determined by the Developer during the month preceding the due date of said maintenance charge. All other matters relating to the assessment, collection, expenditure and administration of the Maintenance Fund shall be determined by the Developer, subject to the provisions hereof. In addition to the maintenance charge herein referred to, each lot shall be subject to a monthly charge for street lighting services, beginning on the date on which street lighting is extended to the streets adjoining each lot. Such charge will be included in the monthly bill for residential electric services from Houston Lighting and Power Company to each lot owner and shall be in addition to all other charges which such lot owner may incur for electric service. The exact amount of the street lighting charge will be determined by Houston Lighting and Power Company, and without limiting the right of Houston Lighting and Power Company to establish a different amount in the future, the initial monthly street lighting charge shall be \$.50.

8.04. The maintenance charge shall not, without the consent of the Developer, apply to lots owned by the Developer or owned by any person, firm, association or corporation engaged primarily in the building and construction business which has acquired title to any such lots for the sole purpose of constructing improvements thereon and thereafter selling such lots; however, upon any such sale of such lots by such person, firm, association or corporation to a purchaser whose primary purpose is to occupy and/or rent and/or lease such lot (and improvements thereon, if any) to some other occupant, then the maintenance charge shall thereupon be applicable to such lot; and the Developer hereby consents to the applicability of the maintenance charge to each such lot under the circumstances herein stated. Any transfer of title to any lot by any such person, firm, association or corporation engaged primarily in the building and construction business shall not result in the applicability of the maintenance charge to such lot owner by the transferee or any succeeding transferee primarily engaged in the building and construction business without the consent of the Developer. The Developer reserves the right at all times, in its own judgment and discretion, to exempt any lot in the Subdivision from the maintenance charge, and exercise of such judgment and discretion when made in good faith shall be binding and conclusive on all persons and interests. The Developer shall have the further right at any time, and from time to time, to adjust, alter or waive said maintenance charge from year to year as it deems proper; and the Developer shall have the right at any time to discontinue or abandon such maintenance charge, without incurring liability to any person whomsoever by filing a written instrument in the office of the County Clerk of Fort Bend County, Texas, declaring any such discontinuance or abandonment.

8.05. The maintenance charges collected shall be paid into the Maintenance Fund to be held and used for the benefit, directly or indirectly, of the Subdivision; and such Maintenance Fund may be expended by the Developer for any purposes which, in the judgment of the Developer will tend to maintain the property values in the Subdivision, including but not by way of limitation; providing for the enforcement of the provisions of this instrument, including the aforesaid Reservations, Restrictions and Covenants, reasonable compensation and reimbursement to the Developer and members of the Committee with respect to services performed by such Developer and Committee members incident to their duties hereunder; for the maintenance, operation, repair, benefit and welfare of any recreational facilities which might hereafter be established in PECAN GROVE PLANTATION, or to which Developer may subject this fund, and generally for doing any other thing necessary or desirable in the opinion of the Developer to maintain or improve the property of the Subdivision. The use of the Maintenance Fund for any of these purposes is permissive and not mandatory, and the decision of the Developer with respect thereto shall be final, so long as made in good faith.

8.06. In order to secure the payment of the Maintenance Charge hereby levied, a vendor's lien shall be and is hereby reserved in the Deed from the Developer to the purchaser of each lot or portion thereof, which lien shall be enforceable through appropriate judicial proceedings by the Developer. Said lien shall be deemed subordinate to the lien or liens of any bank, insurance company or savings and loan association ("Institutional Lender") which hereafter lends money for the purchase of any property in the Subdivision, and/or for construction (including improvements) and/or permanent financing of improvements on any such property.

8.07. These provisions as to the Maintenance Charge and Maintenance Fund shall continue in effect unless changed in the manner and at the time or times hereinabove provided for effecting changes in the restrictive covenants hereinabove set forth.

IX.

TRANSFER OF FUNCTIONS OF THE DEVELOPER

9.01. The Developer may at any time hereafter cause a non-profit corporation to be organized under the laws of the State of Texas for the purpose of exercising all or any of the duties and prerogatives of the Developer hereunder (including the matters relating to Maintenance Charges and all Maintenance Funds). Any such delegation of authority and duties shall serve automatically to release the Developer from further liability with respect thereto and vest such duties and prerogatives in such non-profit corporation. Any such delegation shall be evidenced by an instrument amending this instrument, placed of record in the Deed Records of Fort Bend County, Texas, and joined by the Developer and the aforesaid non-profit corporation but not, however, requiring the joinder of any other person in order to be fully binding, whether such other person be an owner of property in the Subdivision, a lienholder, mortgagee, Deed of Trust beneficiary or any other person.

X.

BINDING EFFECT

10.01. All of the provisions hereof shall be covenants running with the land thereby affected. The provisions hereof shall be binding upon and inure to the benefit of the owners of the land affected and the Developer and their respective heirs, executors, administrators, successors and assigns.

**AMENDMENT OF RESTRICTIONS
AND
CHANGE OF BUILDING LINES ON PLAT -
PECAN GROVE PLANTATION - SECTION ONE**

STATE OF TEXAS

KNOW ALL MEN BY THESE PRESENTS:

COUNTY OF FORT BEND

WHEREAS, PECAN GROVE ASSOCIATES, a Texas Joint Venture by and between Atlas Realty Company, a Texas corporation, Belcross, Inc., a Texas corporation, and J. B. Land Co. Inc., a Texas corporation (herein referred to as "Developer") did plat and subdivide a certain 80.632 acre tract of land in the William Morton League, Abstract 62, Fort Bend County, Texas as PECAN GROVE PLANTATION - SECTION ONE (Herein referred to as the "Subdivision"), by plat recorded in Volume 21 at Page 31 of the Map Records of Fort Bend County, Texas; and,

WHEREAS, by instrument recorded in Volume 774 at Page 791 et seq. of the Deed Records of Fort Bend County, Texas, Developer did impose upon the subdivision certain Reservations, Restrictions and Covenants (herein referred to as the "Restrictions") all as set forth in said instrument; and;

WHEREAS, Developer now desires to modify and amend the aforesaid plat and the Restrictions in the manner hereinafter set forth; and,

WHEREAS, Developer is still the owner of all the fee interest in the Subdivision:

NOW, THEREFORE:

1. The building set back lines on the plat of the subdivision for Lots 69 through 116 (inclusive) in Block 11 and Lots 1 through 29 (inclusive) in Block 12 are hereby set at Twenty (20) feet from the common boundary of such lots with the street right-of-ways.

2. Article VI, Section 6.02 is hereby amended by deleting the paragraph entitled Town and Country Lots and substituting therefor:

"Town and Country Lots: 1750 square feet for a one-story dwelling; and 2,000 square feet for a two-story dwelling, with 1,200 square feet thereof on the first floor; EXCEPT Lots 69 through 116 (inclusive) in Block 11 and Lots 1 through 29 (inclusive) in Block 12, which shall be 1,200 square feet for a one-story dwelling; and, 1,800 square feet for a two-story dwelling, with 1,000 square feet thereof on the first floor."

3. There is hereby added as Article XII thereto, the following:

**ARTICLE XII
NATURAL GAS**

Entex, Inc., has agreed to provide natural gas service to all lots in the subdivision, provided certain minimum usage is made of the service. Pursuant to the contract providing such service, all houses shall have a minimum of gas water heating, and gas central comfort heating, or pay a non-utilization fee. If, however, any house completed in the subdivision does not utilize both gas and water heating and gas central comfort heating appliances, then the owner shall pay to Entex Gas Company the non-utilization of gas facilities charge set by Entex, Inc., for such house. This non-utilization charge shall be due thirty (30) days from completion of the non-utilizing house. In the event this non-utilizing charge is not paid timely by the owner of the non-utilizing house, after demand is made for such payment, the Developer of Pecan Grove Plantation Property Owner's Association may, at their option pay such charge and the payment so made, if any, shall be secured by a vendor's lien which is hereby retained against each lot in the subdivision, which lien shall only be extinguished by payment of such charge.

4. Article VI, Section 6.03 is hereby amended by adding as a new paragraph after the first paragraph:

RECORDED
804 MAR 93

developer or the lot owners in the Underground Residential Subdivision be changed so as to permit the erection therein of one or more mobile homes, Company shall not be obligated to provide electric service to any such mobile home unless (a) Developer has paid to the Company an amount representing the excess in cost, for the entire Underground Residential Subdivision, of the underground distribution system over the cost of equivalent overhead facilities to serve such Subdivision or (b) the Owner of each affected lot, or the applicant for service to any mobile home, shall pay to the Company the sum of (1) \$1.75 per front lot foot, it having been agreed that such amount reasonably represents the excess in cost of the underground distribution system to serve such lot or dwelling unit over the cost of equivalent overhead facilities to serve such lot or dwelling unit, plus (2) the cost of rearranging, and adding any electric facilities serving such lot, which arrangement and/or addition is determined by Company to be necessary.

"The provisions of the two preceding paragraphs also apply to any future residential development in Reserve (s) shown on the plat of Pecan Grove Plantation Subdivision, Section 1, as such plat exists at the execution of the agreement for underground electric service between the electric company and Developer or thereafter. Specifically, but not by way of limitation, if a lot owner in a former Reserve undertakes some action which would have invoked the above per front lot foot payment if such action had been undertaken in the Underground Residential Subdivision, such owner or applicant for service shall pay the electric company \$1.75 per front lot foot, unless Developer has paid the electric company as above described. The provisions of the two preceding paragraphs do not apply to any future non-residential development in such Reserve(s)."

6. The Developer hereby declares that the following areas are not and shall not be subject to any part of the aforesaid Restrictions except as such Restrictions apply to Reserve "A" as shown on the Plat:

TRACT 1

A FIELDNOTE DESCRIPTION of a 0.0182-acre tract of land, being situated in and a part of the William Morton League, Abstract No. 62, Fort Bend County, Texas. Said 0.0182-acre tract of land being out of Lot 40, Block 9, and Reserve "A", an unrestricted reserve, in Pecan Grove Plantation, Section One, a duly recorded subdivision in Volume 21 on Page 31 of the Map Records of Fort Bend County, Texas, and being more particularly described by metes and bounds as follows:

5. There is added as Article #XI thereto, the following:

ARTICLE XI

"An underground electric distribution system will be installed in that part of Pecan Grove Plantation Subdivision, Section 1, designated herein as Underground Residential Subdivision, which underground service area embraces all of the lots which are platted in Pecan Grove Plantation Subdivision, Section 1, at the execution of this agreement between Company and Developer or thereafter. In the event that there are constructed within the Underground Residential Subdivision structures containing multiple dwelling units such as townhouses, duplexes or apartments, then the underground service area embraces all of the dwelling units involved. The owner of each lot containing a single dwelling unit, or in the case of a multiple dwelling unit structure, the Owner/Developer, shall, at his or its own cost, furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of electric company's metering at the structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company at the property line of each lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. Developer has either by designation on the plat of the Subdivision or by separate instrument granted necessary easements to the electric company providing for the installation, maintenance and operation of its electric distribution system and has also granted to the various homeowners reciprocal easements providing for access to the area occupied by and centered on the service wires of the various homeowners to permit installation, repair and maintenance of each homeowner's owned and installed service wires. In addition, the owner of each lot containing a single dwelling unit, or in the case of a multiple dwelling unit structure the Owner/Developer, shall at his or its own cost, furnish, install, own and maintain a meter loop (in accordance with the then current Standards and Specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for each dwelling unit involved. For so long as underground service is maintained in the Underground Residential Subdivision, the electric service to each dwelling unit therein shall be underground, uniform in character and exclusively of the type known as single phase, 120/240 volt, three wire, 60 cycle, alternating current.

"The electric company has installed the underground electric distribution system in the Underground Residential Subdivision at no cost to Developer (except for certain conduits, where applicable, and except as hereinafter provided) upon Developer's representation that the Underground Residential Subdivision is being developed for residential dwelling units, including homes, and if permitted by the restrictions applicable to such subdivision, townhouses, duplexes and apartment structures, all of which are designed to be permanently located where originally constructed (such category of dwelling units expressly to exclude mobile homes) which are built for sale or rent and all of which multiple dwelling unit structures are wired so as to provide for separate metering to each dwelling unit. WHEREAS, by instrument recorded in Volume 774 at Page 791 et seq. of the Deed Records of Fort Bend County, Texas, Developer did impose upon the subdivision certain Reservations, Restrictions and Covenants (herein referred to as the "Restrictions") all as set forth in said instrument; and,

WHEREAS, by instrument recorded in Volume 804 at Page 91 of the Deed Records of Fort Bend County, Texas, Developer altered and amended some of said restrictions in the manner set forth therein:

WHEREAS, Developer now desires further to modify and amend the aforesaid plat and the Restrictions in the manner hereinafter set forth; and,

WHEREAS, Developer is still the owner of all the fee interest in the Subdivision;

NOW THEREFORE:

1. The following are required to be installed at owner's expense prior to occupancy of any residence on all lot (s):

Sidewalk----A sidewalk four (4) foot in width, running parallel with the street, located five (5) feet back from the curb, and in line with any existing sidewalks shall be required on all lots.

Fences----The following fence requirements shall apply to Block 9, Lots 1-26, 28, 29, 38, and 39:

The owner shall install a six (6) foot solid cedar fence along the property lines adjacent to a drainage easement or drainage structure prior to occupancy of any residence. All fences must be of similar design and shall be approved by the Architectural Control Authority.

2. Article IV, Section 6.02 is hereby amended by deleting the paragraphs entitled "Golf Course Lots" and "Town and Country Lots"; substituting them for:

"Golf Course Lots"----2,400 square feet for a one-story dwelling; 2,600 square feet for a two-story dwelling, with 1,200 square feet on the first floor.

"Town and Country Lots"----2,000 square feet for a one-story dwelling; 2,200 square feet for a two-story dwelling, with 1,200 square feet thereof on the first floor, EXCEPT Lots 69 through 116 (inclusive) in Block 11 and Lots 1 through 29 (inclusive) in Block 12, which shall be 1,750 square feet for a one-story dwelling; and 2,000 square feet for a two-story dwelling, with 1,000 square feet on the first floor.

3. The Developer has, in the aforesaid amendment, declared that three (3) certain tracts were not subject to the restrictions applicable to Pecan Grove Plantation, Section One. However, due to a scrivener's error, the descriptions for Tract 2 and Tract 3 described therein was incorrect and the Developer hereby designates and describes the following as the true and correct descriptions of Tract 2 and Tract 3 and hereby substitutes the same for the descriptions originally set forth in said amendment.
